

TWI and Kata Knowledge Certification Programs

Accelerate your individual and organizational results by first acquiring a foundation for the skills developed in Training Within Industry (TWI) and Toyota Kata. These flexible, on-line certificate programs provide an added spark to engage participants by explaining “the why” of implementing these proven, impactful programs.

The TWI and Toyota Kata Knowledge Certification programs are ideally suited for:

- Organizations investigating TWI or Kata to gain a thorough understanding of the benefits they can realize.
- Organizations which will use Knowledge Certification as a pre-requisite to 10-Hour classes to build momentum and sustainability.
- Individuals in any organization interested in expanding their TWI or Kata skill base.
